ASSEMBLY INSTRUCTION

SKU# 7610337,7610349

Note: Please consult a qualified eletrician if you are not certain of the installation

CAUTION: Before starting the installation, disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box.

1. Unscrew screw collar loop from nipple.
2. Attach mounting strip to junction box using mounting screws.
3. Adjust chain to desired length. Spread end link of chain. Use a pair of pliers and a screwdriver as shown above. Wrap a soft cloth around pliers to protect the finish.
4. Attach one end of chain to fixture loop and the other end to screw collar loop.
5. Weave electrical wires and ground wire up chain, through canopy and into outlet box.
6. Strip 3/4" of insulation from wire ends. Twist stripped ends together with pliers black to black white to white. Snip ends. Attach copper wire to ground wire.
7. Attach wire nuts. Tape nuts and wires together.
8. Attach screw collar loop to nipple, tighten nut.
9. Unscrew the socket ring from socket.
10. Insert the ends of the harp into the hole on the steel shade. Tighten the socket ring until the shade is held firmly to the fixture.
11. Install light bulb. Use only bulb of the specified type and maximum rated wattage or less. (Bulbs not included)
